

Y11 GCSE Exam and Revision Schedule - Summer 2024

NOTES FOR PARENTS: Below is a list of all the revision and exams that are taking place over the coming fortnight. This is just for information. Not all students will be sitting all the exams/revision below so where these do not apply because they don't do that subject, please just ignore them. When not in revision, students should be in school in normal lessons. "Before School" revision starts at 8am unless students are told otherwise by their teacher. The sooner students can make it to revision in a morning, the better. All students are expected to attend every day and be in full, correct uniform.
